

6-8 Band Informational Letter

Greetings from a quiet Band Room.

YOU ARE MISSED! Without music students, the Band Instructors are **LONELY.**

This letter is to inform you how to pick up your musical instrument, equipment and assignments. This music will be used in Middle School Pep-Rallies. Even the 6th Graders are receiving this music because they will use it in the 7th Grade.

Google Classroom allows for our music students to learn and get feedback on this music. Practice and performance of these musical selections **IS REQUIRED.** Google Classroom was chosen based on it being commonly used in Brady Middle School. Through Google Classroom, the students are able to submit their practiced and performed music. Future additional musical items will be added for pick-up or they will be sent out.

The Band Hall will be open for students to pick-up their instruments and music when you pick up packets from the Middle School. Currently, that is scheduled for Monday, 23 March 2020, from 8 am – 3 pm. Students using school instruments should be prepared to officially sign their horns out.

Eighth Graders should also use Google Classroom Code y3qa37C for High School Band music and information.

May this isolation end soon and may we all be healthy throughout this.

Sincerely,

Mr. Rushfeldt, Mr. Lotspeich & Mr. Anderson
